## **One Day Racing School**

**Locations & Cost:** LR, LS, RA, SE \$1800 / RATL - \$1500

Experience both MX-5 Cup and Formula Skip Barber race cars in separate 60 minute on-track sessions.

Learn the racing line - race-style downshifting - threshold braking - cornering techniques - while comparing and contrasting these two very different racing machines.

## **Three Day Racing School - MX-5 Cup**

**Locations & Cost:** LR, LS, RA, SE \$4000 / RATL - \$3600

Like the successful formula-car three day school, the MX-5 Cup Racing School emphasizes track time combined with the best, most experienced instructor corps in the industry.

Each day begins with a short classroom "chalk talk," then you're on the race track. What you can expect:

**Day One** Intense slalom, braking & downshifting exercises, special attention on double-clutch/heel-and-toe downshifting

**Day Two** A series of high-speed lapping sessions combined with racing theory & advanced braking techniques

**Day Three** Track drills in drafting, passing & racing in the rain; double-file race starts & single-file restarts

## **Three Day Racing School - Formula Car**

**Locations & Cost:** LR, LS, RA, SE - \$4000 / RATL - \$3600

Master the fundamentals in classroom and driving sessions with our Formula Skip Barber race car.

**Day One:** A brief classroom introduction to the cars and a discussion of the track. An intensive series of slalom, braking, and downshifting exercises follows, with special attention given to double clutch, heel-and-toe downshifting.

**Day Two:** Emphasizes track time in a series of lapping sessions at progressively higher speeds. Back in the classroom, you'll learn about racing theory and advanced braking techniques.

**Day Three:** Includes classroom instruction in drafting, passing, and racing in the rain, followed by extensive lapping sessions.

## **Two Day Advanced Racing School**

**Location & Cost:** LR, LS, RA, SE - \$3500 / RATL - \$3300

Two days training in the winged and sequential-shifted Skip Barber Formula car.

Shifting exercises - lapping sessions - passing exercises - practice starts and restarts.
